

# SPECIFIC UNITS AND REGULATIONS

Subsistence taking of unclassified wildlife, all squirrel species, and marmots is allowed in all units, without harvest limits, for the period of July 1, 1999 through June 30, 2000. Subsistence taking of wildlife outside established unit seasons, or in excess of the established unit harvest limits, is prohibited unless otherwise modified by subsequent regulation. Taking of wildlife under State of Alaska regulations on public lands is permitted, except where non-Federally qualified subsistence users are explicitly restricted by the regulations in this booklet.
